Motion carried with Dr. Devereaux abstaining.

Licensure Issues

There were no licensure issues.

Discussion Regarding Revocation

Ms. Singh advised the Board that the Delaware Nurses Association received a request to propose legislation to include revocation, as well as permanent revocation in the statutory language for the Board of Nursing. The Delaware Nurses Association has requested the Board's stance regarding the request. Currently, the Board only has the power to permanently revoke licensure, unlike several other professional regulatory Boards, which allow for revocation and permanent revocation. Ms. Singh explained the difference between revocation and permanent revocation.

Dr. Contino informed Ms. Singh that the Board has always considered revocation to be permanent. Ms. Tyranski explained that the Board does not make the decision to revoke lightly; revocation typically occurs when an individual fails to comply with progressive disciplinary actions, or the situation had to have warranted revocation. The proposal would make it easier for the Board to revoke licenses. Ms. Singh will draft a response to the Delaware Nurses Association detailing the Board's point of view regarding the suggested legislative change.

Board observed a brief recess from 10:49 a.m. until 11:00 a.m.
